### More than Just Race: Being Black and Poor in the Inner ...

More Than Just Race William Julius Wilson has one main argument in More Than Just Race: "...more weight should be given to structural causes of inequality, despite the dynamic interrelationships of structure and culture, because they continue to play a far greater role in the subjugation of black Americans and other people of color." (Wilson 135).

### More than Just Race: Being Black and Poor in the Inner ...

More Than Just Race: Being Black and Poor in the Inner City is a 2009 nonfiction book by William Julius Wilson, a Harvard University professor of sociology. In his book, Wilson examines the structural and, more controversially, the cultural contributors to the poverty, high incarceration rate, and social problems faced by inner-city African American males today.

### More than Just Race: Being Black and Poor in the Inner ...

In More than Just Race, Wilson begins by distinguishing the structural impediments to black social uplift from what he and many perceive to be cultural factors. According to Wilson, the social structure refers to the way social positions, social roles, and networks of social relationships are arranged in our institutions such as the economy, polity, education, and organization of the family.
