Route Surveys and Design - Hickerson, Thomas F.

Two accounts reflect this: a highway engineer working on the Burma Road in World War II found his Route Surveys and Design extremely helpful; and in 1967, when an engineer in Africa needed help on a problem of road intersections and tangents, Hickerson sent him the fifth revised edition of his book with up-to-date and precise information—in Hickerson's own handwriting—on how to do it. He developed and contributed to the profession ideas, tables, and methods relating to such things as ...
